APPROVAL
OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights and is further subject to revocation if and when water can be furnished by an entity such as a water district or a municipality engaged in furnishing water. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins, or before the Proof of Completion of Work is filed. It is understood that this right must allow for a reasonable lowering of the static water level. The well shall be equipped with a 2-inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.223cubic feet per second, but not to exceed 20 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before..... February 1, 1990

Proof of completion of work shall be filed on or before..... March 1, 1990

Application of water to beneficial use shall be made on or before..... February 1, 1993

Proof of the application of water to beneficial use shall be filed on or before..... March 1, 1993

Map in support of proof of beneficial use shall be filed on or before..... N/A

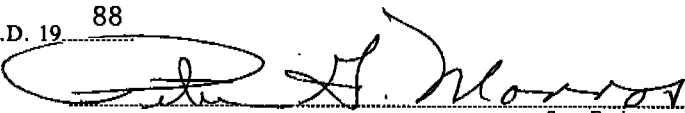

Completion of work filed..... NOV 02 1988

Proof of beneficial use filed..... MAR 01 1993
